SCHOOLS 2015

CORE RETAIL ITEMS (WP)

Thanks for taking the time to checkout our catalogue for 2015. Enclosed you will find what we feel are some key retail items for 2015 and many design ideas. It is focussed on the high demand items and decoration. *We continue to provide shipping within 2 weeks or less for almost every order.*

Also this is just a starting point for ideas. Please note more than half the bookstore/school business we do is custom order, special order, departments and groups, conferences, and that end of the business. We have thousands more items and decoration ideas and will work with you on PDF storyboards, web design, samples, and added decoration ideas.

Please contact me for more details on either our retail or custom programs.

Pricing this year has now been separated. You will notice now that *we list item pricing and design pricing separately* so you can see each element and also mix and match...

Thanks for your time and the best for 2015!!!

Regards
Patrick Jordan

OUR WORKPLACE: Creative Embroidery has been in business since 1984. We operate an "open" business where anyone is free to drop by anytime and review our premises, work area, staff area, and all common areas as well as engage in dialogue with anyone at anytime. We welcome all visitors and questions. We are Canadian owned and operated out of Richmond BC with a staff typically numbering around 15. We have low staff turnover due to a positive work environment, flexible hours, medical benefits, and some financial incentives. All of our in-house decoration is done with Canadian labour and subject to all Canadian workplace regulations which we not only meet but exceed. As a licensee for the RCMP (Royal Canadian Mounted Police), we must at all times provide access to facilities, services, and background on products. This also includes bilingual design diversity. I'm happy to answer any additional questions about our workplace/history and can be contacted at patrick@creative-embroidery.com anytime.

OUR SUPPLIERS: We have varying suppliers based on our clients needs and requests. We attempt to offer a diversity of goods meeting specific standards and including many CDN made and Union made offerings and North American made products where available and appropriate. We refer all inquiries as to our vendors policies back to their respective websites and PR/HR. Major suppliers below:
